### Flights, Hotels, Transfers and Excursions

Travelling within Thailand is exceptionally easy when you book with The Phinisi. From booking domestic flights and hotel accommodation to land tours, we can arrange everything you need before and after your cruise. Prices for these add-ons vary dependent on the time of booking – please contact our reservations team for more information.

#### Advice on international flights

There are direct flights between Bangkok and Ranong. If you fly to Phuket, there are several airlines that offer direct international flights to Phuket International Airport, though you may need to book a short hop from another local hub such as Bangkok, Kuala Lumpur or Singapore. We recommend staying 1 night in Phuket or in Ranong before cruise departure, so you are well rested before the start of the cruise.

We can arrange transfer from Phuket Airport to Ranong for you, which takes approximately 5 hours. If you make your own way to the embarkation point, embarkation time is 15.00 pm. When you fly in to Ranong Airport on embarkation day, you can book our free transfer. For the final diving day aboard we schedule 3 dives to allow plenty of time for off-gassing before disembarkation and your flight home.

Disembarkation at the end of the cruise will be around 9.00am. Phuket airport is about a 1 hour drive from Khao Lak. Please allow at least 2-3 hours for international flight check-in and 1.5-2 hours for domestic flights.

#### Insurance

The Phinisi strongly recommends that all guests carry full travel and cancellation insurance as we cannot be held liable for delays which occur during the cruise, nor any delays or cancellations of the flights, accommodation, tours & transfers we organise on your behalf.

The Phinisi works in partnership with DiveAssure who offer a selection of competitively priced dive and travel insurance policies, including short term and multiple trip policies.

We suggest their comprehensive 'Dive & Travel Plus' insurance plan which has been specifically developed for diving liveaboard holidays. This insurance covers your trip expenses in the event of missing your liveaboard departure due to (flight) delays. Moreover, it provides coverage for lost diving days if for any reason the boat is required to abort the cruise; for instance, due to a guest injury, mechanical breakdown of the ship, air supply failure, inclement weather conditions, etc.

## General Information

### Visas and Passports

Passport holders of most western countries will be issued a visa upon arrival for stays of up to 30 days in Thailand. Please make sure that your passport has validity for the duration of your stay in Thailand (6 months validity upon arrival is advisable). You may be required to show a confirmed ticket to leave Thailand within the maximum number of days you are allowed to stay in the country.

Visa and passport regulations for different countries are constantly in a state of flux. We always advise our guests to check regularly for updates and changes, please visit the Thai Embassy website at [www.thaiembassyuk.org.uk/visa\\_exemption.html](http://www.thaiembassyuk.org.uk/visa_exemption.html) for more information.

### Time Zone

The local time is 7 hours ahead of UTC (GMT).

### Money Matters

The local currency is the Thai Baht (THB). The majority of established hotels and restaurants accept major credit cards, however; smaller, family-run places probably will not. There are money-changers and ATM machines located at the airport and near the meeting point for your convenience.

### Health

No inoculations or vaccinations are required unless you are coming from or passing through contaminated areas, Yellow fever certificates are required for those who are coming from 14 following countries; Bolivia, Brazil, Colombia, Peru, Angola, Burkina Faso, Gambia, Ghana, Guinea, Mauritania, Mali, Nigeria, Sudan and Zaire.

Health services in Thailand are generally very good. Hospitals in major tourist destinations have modern technology and well trained doctors, including several in Phuket.

Please make sure you use insect repellent and cover exposed skin to prevent any insect borne diseases. We recommend that travelers follow normal precautions with food in order to prevent stomach upsets, and be sure to drink bottled water only. Please consult your doctor or nearest health authorities for up-to-date medical travel information well before departure.

### Language and Religion

Thai is the language in Thailand, which remains largely incomprehensible to the casual visitor. However, nearly all Thais who work in the tourism industry speak some level of English, and Thai-English road and street signs are found nationwide.

More than 90% of all Thais are Buddhists, although they have always subscribed to the ideal of religious freedom, thus, sizeable minorities of Muslims, Christians, Hindus and Sikhs freely pursue their respective faiths.

## Climate and Weather

There are 3 distinct seasons - “summer” from March through May, “rainy” (still with plenty of sunshine) from June to September and “cool” from October through February. The average annual temperature is 28°C (83°F), ranging anywhere from 30°C in April to 25°C in December. Thailand’s tropical climate is influenced by the southwest and northeast monsoons. From late May to October, the southwest monsoon hits the western coast of Thailand, and the northeast monsoon sweeps the Gulf of Thailand (east coast) between mid-October to mid-December.

## Water Temperature and Exposure Suits

Water temperatures in the Similan/Surin Islands average around 27°C (80F), although sometimes you may experience thermoclines. Most guests find that a 3mm shorty and possibly a rash vest are suitable for the water temperature in the warmer months, when we will be diving. However, for guests who feel the cold easily, especially with repeated diving, then we recommend to bring an extra vest/hood. In short, bring what you feel most comfortable in.

## **Life on Board**

### **Food and Drink**

Guests will be offered a choice of international and Asian cuisine served buffet style in the indoor dining area. We cater to special dietary requirements; please simply inform our reservations team prior to your trip to ensure that we have plenty of dishes to suit your needs. A range of carbonated soft drinks, fruit juices, black, green and herbal teas are available, as well as some 'naughty' treats should you feel hungry between meal times. Guests may also select beer, wine or spirits from our cocktail bar for an additional fee.

### **Clothing and Footwear**

Dress code on board The Phinisi is very casual and most guests feel comfortable in little more than swim wear, shorts and t-shirts. A sweater is advised for cooler nights, particularly after multiple dives. However, we ask our guests to put a t-shirt over their swimwear while seated at the dining area. Most guests prefer bare feet on board the yacht; however island visits may require sturdy sandals or cross-trainers.

### **Electricity**

On board The Phinisi we have 2 round pin sockets (European style). Please make sure you bring universal adapters with you if necessary. Electrical current in Thailand is 220 Volts.

### **Smoking**

Smoking onboard is permitted in designated (outdoor) areas.

## Safety on Board

A thorough yacht safety briefing will be provided by your cruise director at the start of your trip.

### Emergency Equipment

The Phinisi is equipped with modern safety features such as an automated life raft and emergency pumps.

### First Aid

The Phinisi is equipped with a fully stocked medical first aid kit for treating minor injuries and ailments, as well as for assisting trained medical professionals in remote locations. She has a full complement of medical grade oxygen which can be administered to divers through DAN kits or unit specific attachments.

Our dive teams are all qualified emergency responders. Should you feel unwell at any point during your cruise, please seek the advice of your cruise director who will be able to assist you.

### Staying Connected

There is no internet service on board The Phinisi. Our trips are in relatively remote locations and internet service is intermittent at best. Most mobile phones that have 'roaming' will function during your cruise. However; service signal strength can be very weak and in some areas of your cruise, there may not be a signal at all. The cost of calls made is determined by your service provider.

Our out of office contact numbers can be found below, should your family need to contact you during the cruise, however this number is reserved for emergencies only.

## Payments on Board

### Marine Park and Port Fees

The marine park and port fees for this trip are 72 USD, which will be added to your final cruise invoice in advance of your cruise. Alternatively, it can be paid on board The Phinisi. Note that these fees are liable to change without notice.

### Optional Extras

The Phinisi offers a range of services to make your stay on board even more enjoyable. We offer beach visits during your cruise. The following are also available for an additional fee:

- Beer & Wine
- Nitrox: 10 USD per fill or 25 USD per day
- Nitrox Package
- Dive Courses
- Torch & Dive Computer Rental
- The Phinisi Merchandise

All prices are given on board in US dollars; however, we also accept cash payment in THB, Euro, GBP, and AUD. Moreover, we accept payments by credit card (Visa & Master Card), for which there is a 3.5% surcharge. Guests are advised to bring additional cash to Marine Park & port fees, for any incidental expenses.

### Tipping

At The Phinisi we believe that tipping is a matter of personal choice. Should you feel that your crew has made your holiday extra special then a tip is always appreciated. On the day of disembarkation, a tip box is provided for your convenience; all gratuities are divided equally amongst the crew, including the captain and dive guides. Please note that we can accept tips in cash only.

## Diving Information

### Guests' Level of Diving

The Phinisi welcomes everyone from non-divers to seasoned divers. This itinerary has different diving conditions based on the time of the trip. Whilst all of our trips are suitable for each and every experience level, there may be some dives offered that are not suitable for beginners. Your cruise director will be able to advise you whilst on board however if you have concerns regarding the conditions of the destination you wish to visit then please contact your agent or The Phinisi reservations team.

### Scuba Equipment

Since some of the domestic airline carriers in the regions we operate have strict check-in luggage limits, we can provide most rental equipment for an extra charge. Our rental equipment includes:

- BCD - not weight-integrated
- Regulator - complete with alternate air source and depth/pressure gauge console
- Wetsuits - 3mm shorty
- Mask
- Fins - full foot or open heel and boots depending on availability
- 12 litre tanks (15 litre tanks by special request and depending on availability)
- Weight belt and weights
- Underwater torch/flashlight
- Dive computer\*

\* Please note that the use of a dive computer is compulsory on The Phinisi. For your safety, The Phinisi asks all guests to always dive within the limits of their dive computer and make a safety stop at the end of each dive.

## Diving Health

### Flying after diving

Current studies show that you should wait at least 24 hours after multiple repetitive dives before you fly. Please bear this in mind before you book your onwards international or domestic flights.

### Diving Insurance

Diving insurance is mandatory aboard The Phinisi. Your insurance must cover all of your scuba diving and snorkeling activities, including the costs for recompression chamber treatment and emergency air evacuation. Whilst many general travel insurance companies will cover scuba diving activities, they often fall short on recompression treatment or evacuation and therefore we strongly recommend purchasing diving-specific insurance to cover any eventuality.

The Phinisi works in partnership with Dive Assure who offer short-term and multi-trip policies that cover everything our guests may need. You can find more details at the following link on our website: <https://thejunk.com/insurance/>

### Diving Emergencies

There are two recompression chambers located in Phuket, that can be reached within a few hours by speedboat from anywhere within the Similan and Surin Islands. They provide emergency treatment for decompression illness in the unlikely event of an accident. We require that all guests dive well within recreational dive limits and follow dive guides' instructions.
